Deleting a MotoPlus Application from the Controller

Introduction

Sometimes it is necessary to remove a MotoPlus application from the controller. This document will guide you through steps.

Procedure

1) Boot the controller into Maintenance Mode.

Hold the Main Menu button while turning on the main power switch to the controller.

- 2) Set the security level to Management or Safety.
- 3) Press the MotoPlus APL. button.
- 4) Press the DELETE button.
